Subject: Exciting News: Acquisition of New Program Sites, Transition Plans, and Tentative Schedule for Fall 2024-2025 School Year

Dear Parents,

We are thrilled to share some exciting news with you regarding the future of Keystone Educational Collaborative. As we continue to prioritize the education and well-being of your child, we are pleased to announce the acquisition of two new permanent program sites to support our mission.

Over the past couple of years, Keystone Educational Collaborative has been diligently working to enhance our facilities and resources to better serve our students. Through careful planning and strategic decision-making, we have successfully purchased two buildings to support two of the three programs that we offer.

This significant milestone represents a major step forward in our commitment to providing high-quality education in a stable and supportive environment. These new program sites will not only offer state-of-the-art facilities but also serve as hubs for innovation, collaboration, and academic excellence.

Tentatively, for the fall of the 2024-2025 school year, we will begin mapping out the various different transitions that are projected for your child. Our goal is to ensure a smooth and seamless transition process, taking into account the individual needs and preferences of each student. We will keep you informed every step of the way and provide ample opportunities for you to ask questions and provide feedback.

We are excited about the opportunities these new locations will bring for your child and our entire educational community. With dedicated spaces tailored to the specific needs of each program, we are confident that our students will thrive and reach their full potential in these enriched learning environments.

As we embark on this new chapter, we want to express our gratitude for your continued support and partnership. Your trust in Keystone Educational Collaborative is invaluable, and we remain committed to delivering the best possible educational experience for your child.

We look forward to welcoming your child to our new program sites and embarking on this exciting journey together. If you have any questions or would like more information about the new locations, transition plans, or the tentative schedule for the fall of 2024-2025 school year, please do not hesitate to reach out to us.

Thank you for your ongoing support as we strive to make a positive difference in the lives of our students.

Sincerely,

A handwritten signature in black ink, appearing to read "John Demanche", is written over a horizontal line.

John Demanche
